EASEMENT & UTILITY MAIN CONFLICT LETTER

(for Jefferson County Building Permit)

Requested by: _____ Date: _____

Email: _____ Phone #: _____

Address: _____

Subdivision: _____ Lot #: _____

Applicant Signature

A drawing is required to be attached to this request indicating the location of the proposed Structure on the property and distance from JCPSD facilities and/or easements of record.

JCPSD Office Use

The Jefferson County Public Sewer District (JCPSD) has reviewed the request for evaluation of conflicts with JCPSD facilities or easements related to the construction of a structure as indicated on the attached Exhibit A, and based on a preponderance of the evidence and/or information available on the date indicated below JCPSD finds that there is no known conflict with District facilities nor easements, or there is a conflict which is addressed by an encroachment agreement that is acceptable to the District. JCPSD does not definitively state that there are no conflicts with easements of record that may not be known to the District at this time and does not vacate, release, or surrender the District's rights as indicated by any easement of record that may exist.
